Spring 2023

Spring Has Sprung!!!

Happy Spring everyone! The song birds and flowers have returned to us and I am very happy to be able to open my windows again. Additionally I am excited to be able to get outside and play radio in the great outdoors. I hope everyone had a good Winter and is ready to get back outdoors for Ham and non-Ham related activities.

As always, please remember; if you know of any interesting articles, facts, upcoming events, or random comments you'd like to see in an upcoming edition of the newsletter (published quarterly), please email them to: **davidjaegerjr@gmail.com**, they are appreciated and requested, thanks.

ARRL Field Day 2023

Field Day 2023: As many of you may know, this year TARA is teaming up with AARA (Albany) to participate in Field Day from the Albany club's location up at the beautiful Thatcher Park in the Helderbergs. The 2023 ARRL Field Day will take place on Saturday June 24th and Sunday June 25th and will take place from 2 PM Saturday until 5 PM Sunday. More details are to follow.

For those of you who are new to Field Day, please see an informational description of the event from the ARRL below:

What is Field Day???

Field Day is ham radio's open house. Every June, more than 40,000 hams throughout North America set up temporary transmitting stations in public places to demonstrate ham radio's science, skill and service to our communities and our nation. It combines public service, emergency preparedness, community outreach, and technical skills all in a single event. Field Day has been an annual event since 1933, and remains the most popular event in ham radio.

What is the objective of Field Day???

The objective of Field Day is to contact as many stations as possible on the 160-, 80-, 40-, 20-, 15- and 10-Meter HF bands, as well as all bands 50 MHz and above, and to learn to operate in abnormal situations in less than optimal conditions.

Who can participate???

Field Day is open to all amateurs in the areas covered by the ARRL/RAC Field Organizations and countries within IARU Region 2. DX stations residing in other regions may be contacted for credit, but are not eligible to submit entries. Each claimed contact must include contemporaneous direct initiation by the operator on both sides of the contact. Initiation of a contact may be either locally or by remote.

2023 Watervliet Memorial Day Parade

I love a parade! The 2023 Watervliet Memorial Day Parade will be on Monday May 29th, 2023 at 10:00 AM and take place in Watervliet along NYS Route 2 (19th Street in Watervliet). This is an annual event that TARA participates in by providing "Radio Support" to the parade officials to ensure that the event progresses smoothly. If you are interested in being a volunteer to provide support, please contact Karen Smith, KS2O, at 518-273-6594 or ksmithkb2uuc@aol.com.

TARA Committees:

In case you didn't know, one of the things that makes TARA so successful in the area with membership from the entire Capital District, is the committees that are set up and managed by members to keep the club running smoothly and allowing its members to have a more rewarding experience.

Below is a list of the 12 Committees of TARA and the current members of each one. We always encourage members to become part of a committee to benefit themselves and to improve TARA as a whole.

<u>Packet Radio:</u> Mike Styne K2MTS	<u>Contesting:</u>	<u>Field Day Team:</u> Steve Kopecky KF2WA Karen Smith KS2O	<u>Repeater Manager:</u> Randy Stein KL7TJZ	<u>Technical Advisors:</u> Robert Isby K2RHI James McKnight K2LM	<u>Equipment Manager:</u> Roy Warner N2OWC
