NEWCOMER'S NOOK

The following is a continuation of information for new hams. Also in another section of this newsletter, there is a listing of handy telephone numbers of radio suppliers.

ARRL APPOINTMENTS

TARA is an American Radio Relay League (ARRL) affiliated club. We are located in the Hudson Division which is headed by Steve Mendelsohn, WA2DHF. The Division consists of three sections. We are located in the Eastern New York (ENY) section headed by Paul Vydareny, WB2VUK, Section Manager. <u>Section Manager (SM)</u> - has the authority to make a number of leadership appointments to ARRL full members in the eastern NY section. Below is a listing of some of the major positions, what they consist of, and the incumbent.

<u>Section Emergency Coordinator (SEC)</u> position is responsible for all matters pertaining to emergency communications and ARES (Amateur Radio Emergency Services). Robert Schaps, WB2NVR, 149 Brewster Rd. Scarsdale, NY.

<u>Section Traffic Manager (SM)-</u> coordinates the activities of all traffic nets in the section. Tom Cody, WE2G, RFD 1, Box 451, Germantown, NY.

<u>Affiliated Club Coordinator (ACC)</u>- the contact and resource person for amateur clubs in the section. Millie Feeney, KV2A, 5 Cosea Drive, Saratoga Springs, NY.

<u>Bulletin Manager (BM)-</u> responsible for recruiting and supervising a team of Official Bulletin stations. Allan Sniffen, WB2IXR, 49 Wood Road, Bedford Hills, NY.

Official Observor/RFI Coordinator-(OO)supervises Official Observers and provides assistance to amateurs in the section on RFI problem solving. Bob Wilson, N2DVQ, 2 Soundview Avenue, White Plains, NY.

<u>State Government Liaison (SGL)</u>- collects and disseminates information on state laws/regulations affecting amateur radio and represents the interests of amateur radio at governmental levels. Phil Bradway, KB2HQ, 1119 Hedgewood Lane, Schenectady, NY.

In addition to the above, there are numerous field appointments that are available to ARRL members; Emergency Coordinators (EC), Official Relay Station (ORS), Official Bulletin Station (OBS), Official Observer (OO's) etc. For additional information, contact Paul Vydareny, WB2VUK.

FEEDBACK:

We received some feedback from Fred, N2KFR on the article in the last issue on Repeater Operating Tips:

Bashing CBers Again

While reading the August, 1992, The Tarable Facts, I came across the article, Repeater Operating Tips.

I am guilty of #7 frequent pauses. But #5, Q signals/Phonetics/Jargon/look out CBers, the hams are after you again! "The use of CB terminology such as 10 codes should not be used."

I wish someone would find out where the CBers got the 10 codes from so we could say, "You sound like the?..." How about (Roger?)"You sound just like a pilot." Nobody says that, so why are we bashing just the CBers?

Also, in #5, it says, "The idea is to talk as you would normally talk to another. Well, maybe QTH is normal. I've heard hams off the air ask other hams, "Where is your QTH?" So maybe the Q's are normal to some people.

I hope someday the hams will stop bashing the good CBers.

Again from Galway,

N2KFR, Fred

Ed. note: Fred, there was no intent to bash CBer's with the article. Many of us began in CB radio and we're proud of it. The intent of the article was to identify common practices (not rules) to assist newcomers. While CBer's do not use "Q" signals on CB because it is not the <u>practice</u>, we recommend that hams do not use 10 signals on VHF/UHF because it is not the <u>practice</u>. The bottom line is to use the practices you feel comfortable with.

REPEATER UPDATE

Bob, N2LUD, informs us that the Club Repeater was reinstalled at the Helderberg Site during July. The repeater was taken down to rebuild its squelch circuit. As part of the upgrade project, a new Celwave Antenna with 6db gain was installed at the very top of the 135 foot tower. Conditions at the site during the installation were marginal with much wind and rain, making the tower climbing a very unpleasant task. All of us thank the intrepid team of WA1YXQ, N2LUD and KB2LNG for their dedication. The team was given moral support and encouragement from N2SHA. Given the work that has been done to improve the coverage, all of us should get on 449.225 more frequently and make use of it. On some evenings, the repeater is as quiet as too many other machines in the area!!.

AUGUST MEETING RESULTS

We all met at Mr. Bill's house on August 18, for the monthly meeting. Fred, N2KFR talked about the upcoming VHF contest in September and those who are interested in participating should contact him. Kenny, KB2KFV, discussed the sale of Dine-a-mate to obtain additional funds for the Club. Bob talked about the repeater. John, KA2VBI is looking for volunteers for the Troy Parade on September 13, 1992. Mr. Bill reminded everyone to please pay their dues and he's looking for volunteers to chair the Activities Committee and the Refreshment Committee. Orders for club name tags has been delayed so those who placed orders and do not want to wait can request refunds from WA2IWW.

CLUB PICNIC

The first TARA club picnic was held Sunday, August 23 at The Brunswick Town Beach. The event was a huge success with enough food to feed an army. Special thanks to Brian, KB2LTU in securing a beautiful site, the food patrol, Dorothy, KB2LGA, Rudy, N2JZK, TARA's resident chef, and Clayton, KB2LSQ, for providing the cookers, June, KA2VEK, Skip, KE2XF, (The ice man) Betty, N2POS, Paul, N2PEN, for the famous brownies, Clayton and Jimmy brought the Rensselaer RACES Communications Van. And last but not least thanks to the big guy up above for giving us a beautiful warm and sunny day. There is even talk that this may become an annual event.

PUBLICATION DEADLINE

In order to issue the Tarable Facts in advance of our monthly meeting date, a deadline of the lst of each month has been set. So, if have any information or articles you would like to see published, please forward to the Editors, TARA, PO Box 584, Latham, NY 12110, no later than the first of each month. Also, information may be sent via packet to N2LBZ at WA2UMX-5 (144.95) We've heard from Mr. Bill that each month at least one member receives a shredded copy of the newsletter thanks to the postal service. Since Mr. Bill has to contact the editors to send out another copy to the member, it wastes time. So if you do not get a "readable" copy, please let us know directly and we'll send you out a copy very quickly.

SQUELCH TALES

Two local hams received quite a surprise when visiting a fellow club member. Seems the treasurer conserves on everything, including clothes. So be sure to call ahead before stopping in to review the club accounts or you might get a unexpected surprise.

While staying in Long Island in late August I heard a strong station with a familiar sounding voice coming into the 147.045 Asbury Park machine. It was none other than Fred, N2KFR operating from his Galway location.

Jerry, please be nice to the Albany PD and shut that "scanner" off. None of us can afford bail money.

I suggest we all pay attention to the Sergeantat- Arms at future TARA meetings so he doesn't get ulcers trying to keep the noise level down. Lets give him a break.

Just as we were going to press with this issue, we heard some very happy news. Bob, N2LUD and Elena, N2SHA announced their engagement with a wedding date of June, 1993. We congratulate them and wish them the very best.

INTERESTING STATISTICS:

From 1/1/92 to 6/30/92 28,278 new amateur licenses were issued; 20,822 technicians, 7,046 novice and 410 other classes. There are now more than 571,000 licensed hams in the USA.
